

Press Release

Date: 17 January 2012

A82 Aberchalder Swing Bridge – Cancellation of overnight closure on Wednesday 18 January 2012

The planned overnight closure of the A82 Aberchalder Swing Bridge (Wednesday 18 January) has been cancelled due to issues with procurement of steelwork supports.

The bridge was due to be closed overnight to allow the bridge to be jacked onto temporary supports and allow essential maintenance work to be carried out.

The overnight closure has been re-scheduled to commence at 2130 hours on Tuesday 24 January and conclude by 0630 hours on Wednesday 25 January 2012.

Scotland TranServ on behalf of Transport Scotland apologises for any inconvenience this enforced change in the programme may cause.
